### **Winter Weather Preparedness Week – Nov 14-18** **Huntsville International Airport**

**RE: Winter Weather Preparedness Week**

To prepare for the hazards of snow, sleet, ice and even cold temperatures -- the Alabama National Weather Service offices, in conjunction with the Alabama State Emergency Management Agency, have designated Monday (November 14) through Friday (November 18) as Winter Weather Awareness Week.

**What:** Briefing on Winter Weather Preparedness at Huntsville International Airport

**Who:** **Doug Kreulen**, Director of Operations

Doug will be available for individual interviews & commentary after briefing & demonstrations.

**When:** Monday, November 14, 2011 2:00 p.m.

**Must RSVP by Friday, Nov 11, 5:00 p.m.** to Linda Teeple-Manning, [lindat@hsvairport.org](mailto:lindat@hsvairport.org).

**Where:** Huntsville International Airport – Airport Operations & Maintenance (AOM) – 108 Facility Way  
**See attached map.**

Huntsville International Airport Operations will be conducting several demonstrations after the briefing.

- Demonstration of de-icing rig - will be utilizing water to practice spraying on runway
- Installing a plow to a dump truck
- Installing a plow bucket to a tractor

**Additional Reminders:**

Live feeds from the airport continue to be permitted as we head into the winter travel season, but as a reminder, per normal procedure, you are asked to call and advise the media on call representative accordingly.

Also as a reminder, attached is the Port of Huntsville Media Manual, which contains numerous resources you may find beneficial during the holiday travel season and beyond. This document is not for public distribution and is intended to be available for media use only.
